

How to process a Patient Opt-Out form (Grhanite)

Patients can opt-out of MedicineInsight by completing the [opt-out form](#) provided by NPS MedicineWise to practices.

Once a patient completes this form, the practice is responsible for following the opt-out process outlined below:

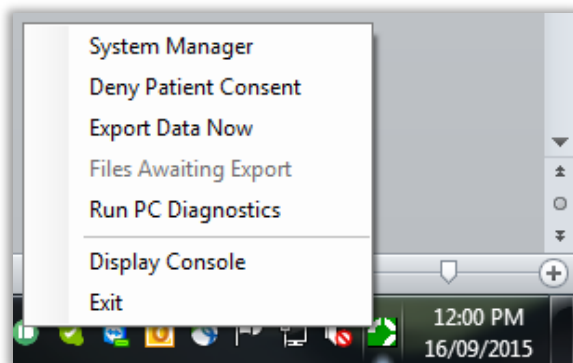

To activate the opt-out process, an authorised person at the practice must:

1. Save completed Patient opt-out form

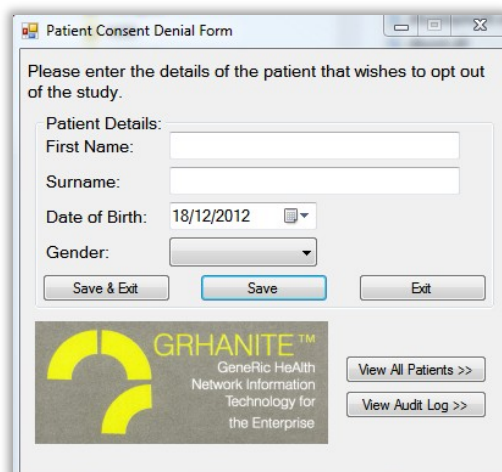

Completed paper forms must be stored or scanned and saved electronically in a preferred location for easy future access.

2. Log in to the computer that is running the data collection tool

3. Right click on the green GRHANITE icon in the task bar at the bottom right hand corner of the screen. Click on Deny Patient Consent

4. Enter the details of the patient opting out of the program and Save

Click on **View All Patients** to view a list of all patients opted out of MedicineInsight

Patient Consent Denial Form

Please enter the details of the patient that wishes to opt out of the study.
